Mr. Thomas J. Keefe
Lower Bucks County Joint Municipal Authority
Department of Licenses and Inspections
Bristol Township
2501 Oxford Valley Road
Levittown, Pennsylvania 19058

Dear Mr. Keefe:

This is to advise that Owens-Illinois, Bristol Plant will start work on the installation of connecting up with the Bristol sewer system on April 1, 1969. Weather permitting this work should be completed by the end of April.

As discussed in the meeting we are submitting to you in the next few weeks our recommendations of our system for disposal of flexo graphic ink waste. It will be our desire to install this system at the same time that we are connecting up with the Bristol Township sewer system.

If you have any questions please advise.

Very truly yours,

OWENS-ILLINOIS, INC.
Forest Products Division

William F. Connolly
